

Kids Camp
Bag Lunch Policy and Procedure

A nut free bag lunch, provided by me is to be served to my son/daughter in the Kids Camp program as a noon meal and a morning and afternoon snack. I have been provided with information about the types of food items which need to be included in the lunch as well as those which are not be included due to their low nutritional value and/or high sugar content.

I understand that it is the responsibility of Kids Camp teacher to ensure that the lunches provided meet the requirements for high quality and that teacher will bring concerns in this regard to my attention.
